

Tertiary Collection of Student Information (TCSI) Data Collections

2024 Reporting Year

2024 Data Requirements and Change Control Document

Section 1 – 2024 Data Requirements

The Ministerial Notice (higher education) and Secretary's Notice (VET Student Loans) require providers to check for any changes to data requirements which may be made from time to time.

This change control document details new requirements the 2024 reporting for the higher education data collections.

Details of changes are noted in Sections 2 and 3 in this document. This document includes information on the:

1. Higher Education Data Collection:

- 2024 Reporting requirements
- 2024 Data element specifications

Providers will also be notified of changes through the TCSI Support site at <https://www.tcsisupport.gov.au> and newsletter at <https://www.tcsisupport.gov.au/news>.

Section 2 – Change Control Summary for the 2024 Reporting Year

Changes for 2024 Data Requirements - issued 07 November 2023

HIGHER EDUCATION DATA COLLECTION

1. Pacific Engagement Visa (PEV)

To support Pacific engagement visa holders access Commonwealth assistance (including HELP) and track the uptake, a new code has been added to element 358. Providers will be able to report the new code, 'P', either from 1 February 2024 or after legislation is passed by Parliament.

2. Nuclear Powered Submarine Student Pathways

To support the development of sovereign nuclear-related expertise the Australian Government has created 4,000 additional Commonwealth Supported places from 2024-2027. To track the uptake of the program a new code has been added to element 392. This will only apply to providers within the program.

3. Startup Year Program

To support student participation in incubator and accelerator programs to drive the creation of new commercial opportunities, the Australian Government has created 2,000 STARTUP-HELP places per year. To track the uptake of the program, new codes have been added to element 310 and 490. For 2024, this change will only apply to providers within the pilot.

4. Microcredentials Pilot

The Australian Government is piloting microcredential courses in national priority areas (IT, engineering, sciences, health and education) to upskill or reskill the workforce and meet the needs of employers and industry. These courses provide access to FEE-HELP loans, credit toward higher education courses and digital badges for students who successfully complete a microcredential. To track uptake of the program and support payment calculations using enrolment data, new codes have been added to element 310 and 490. This change will only apply to providers within the pilot.

To improve clarity new glossary terms have been created.

- Microcredential course

A microcredential course is a course of instruction that consists of one or more units of study and has received a grant under the Microcredentials Pilot in Higher Education.

- Microcredentials Pilot in Higher Education

The Microcredentials Pilot in Higher Education is a program piloting the design and delivery of microcredentials which meet the specific criteria specified in the FEE-HELP Guidelines 2017 and the conditions of eligibility set out in the Higher Education Support (Other Grants) Guidelines 2022.

- Unit of study (Higher education) updated to include

A subject or unit made available by a higher education provider under the Microcredentials Pilot in Higher Education, and that a person could undertake as part of a microcredential course of study.
