TCSI April 2025 Provider Webinar

Wednesday 30 April 2025

Agenda

VET and Higher Education Providers:

- Scheduled Validations webpage update

VET providers (only):

- Tax File Numbers in eCAF and TCSI

Higher Education Providers (only):

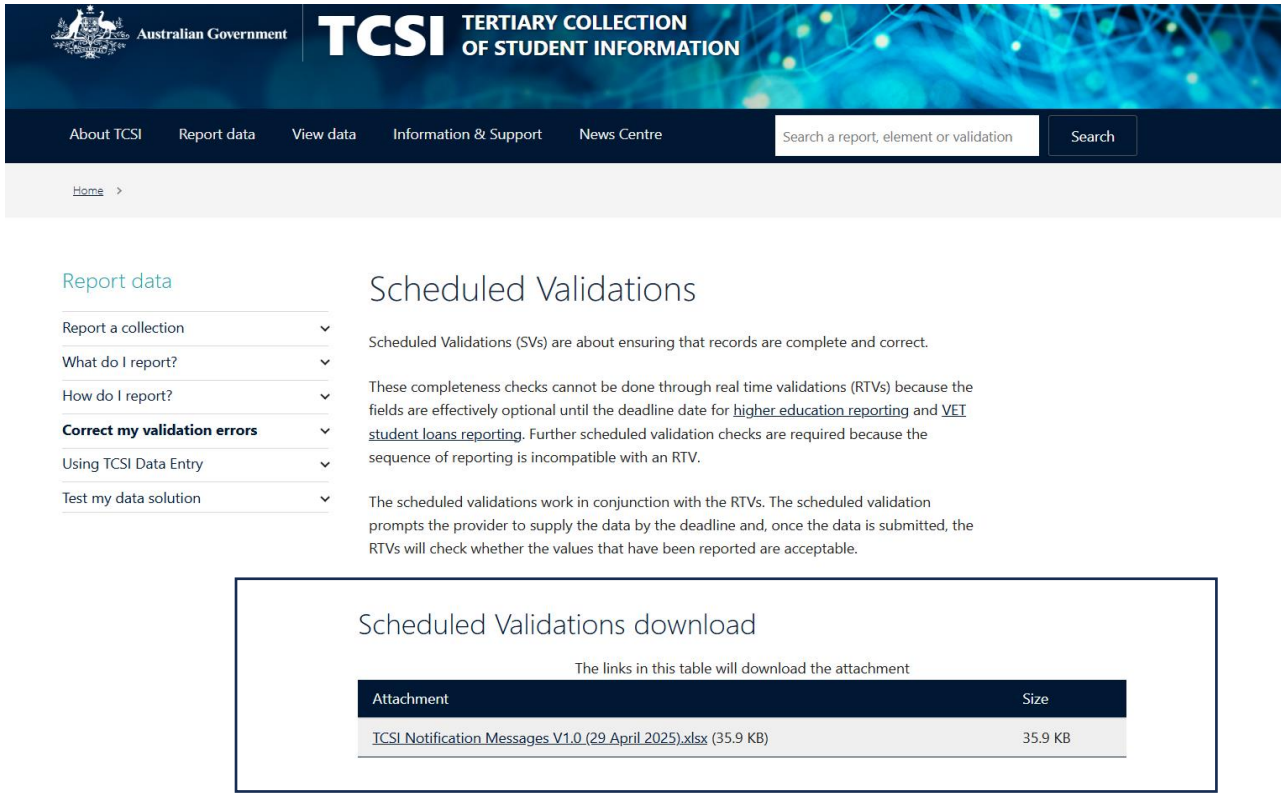
- TCSI Analytics ‘Expected Trends’ dashboard
- University - Applications and Offers

Scheduled Validations webpage update

VET HEP PIR

Scheduled validations webpage update

- The Schedule Validations (SVs) webpage now includes a downloadable spreadsheet that contains a list of all SVs in TCSI.
- The new SV spreadsheet aligns with the format of the Real Time Validations spreadsheet.



Tax File Numbers in eCAF and TCSI

VET HEP PIR

Tax File Numbers in eCAF and TCSI

- TFNs supplied by a VET student in eCAF will be available in TCSI when:
  - there is a verified TFN and USI for the student in eCAF
  - a matching student record exists in TCSI and eCAF
- Scheduled validation SV00128 will trigger when a TFN cannot be found by the due date.
- VET providers attempting to report a TFN in TCSI will receive the real time validation 10938.
  - Warnings do not prevent other changes from being actioned, but the supplied TFN will be ignored by TCSI.
- If you have any questions about TFNs for VET Student Loans please contact vetstudentloans@dewr.gov.au.

Scheduled Validation **SV00128**:

A TFN cannot be found for the student. Please ensure there is a verified TFN and USI in eCAF, and the provider student ID, USI, and date of birth data in TCSI exactly matches that in the student's eCAF.

Real time validation **10938**:

TFNs are no longer reportable by VET providers.

University - Applications and Offers

The reference date for the final 2025 University Applications and Offers Collection is 14 May 2025.

The final 2025 University Applications and Offers Collection is due on 28 May 2025.

University - Applications and Offers

Course offers packet:
The course offers packet is used to report **all offers** and responses to offers for admission to a higher education undergraduate award course made directly to a Table A or Table B provider. Each course offers packet must be linked to an established course applications packet.

What we would like reported in May 2025:
Instead of the most recent offer, we would like to have all offers as per the Course offers packet description.
