# 1. Overview

The Tertiary Collection of Student Information (TCSI) Analytics Portal allows higher education providers (providers) to view the data they have reported to TCSI and provides a self-service interface to enable providers to verify the accuracy of this data.

TCSI Analytics Portal enables providers to directly access:

- Unit Records - real-time data presented in line-by-line format
- Notifications - list of notifications created from data sent to TCSI
- Live data Reports - use real-time data and are generally presented in a summarised format
- Verification Reports - generated from unverified data sent to TCSI database
- Verified Reports - generated from verified data after a collection has been finalised.

The data verification process helps providers meet their legislated obligations under the [Higher Education Support ACT 2003](#) and/or the *Tertiary Education Quality and Standards Agency Act 2011*. Verification is the final stage for providers to confirm that the data reported to TCSI throughout the year is accurate.

Although a comprehensive set of real-time and scheduled validations supports the reporting of quality data, these checks cannot identify every data integrity issue. Verification confirms that student records accurately reflect the amount of assistance received, ensures provider payments are correctly reconciled, and confirms that the data included in the department's publications is accurate.

Data received in TCSI's transactional database is presented in a set of verification reports, which are grouped into collections such as the 'Student' collection. Once the department activates verification and the reports become available, they continue to refresh nightly with the latest data received until the provider chooses to start the verification process in TCSI Analytics. The dataset captured before verification begins is known as the unverified data snapshot.

Once all reports within a Collection have been checked and confirmed accurate, the Collection is verified and can be signed off by the provider. Signing off the reports creates the providers verified dataset.

## 2. Purpose

The purpose of this document is to help providers verify their data using the verification interface in the TCSI Analytics Portal. The verification process confirms the accuracy of data sent to the TCSI transactional database through APIs or the TCSI Data Entry Portal.

Verification reports in TCSI Analytics display static data—that is, data fixed at a particular point in time for funding, statistical and publication purposes.

### 3. Timing

Providers must confirm the accuracy of their data within the required annual timeframes. Information about reporting requirements, timeframes and how to correct data is available on the overview pages for each data collection:

- [Higher Education Student Data Collection](#)
- [Higher Education Staff Data Collection](#)
- [TEQSA Student Data Collection](#)
- [TEQSA Staff Data Collection](#)
- [University Applications and Offers Data Collection](#) (not included in this verification process).

### 4. Process overview

Details of the reports that each provider must verify are available on the [Data Verification webpage](#) on TCSI Support. Select the provider type that applies to your organisation to view the relevant information.

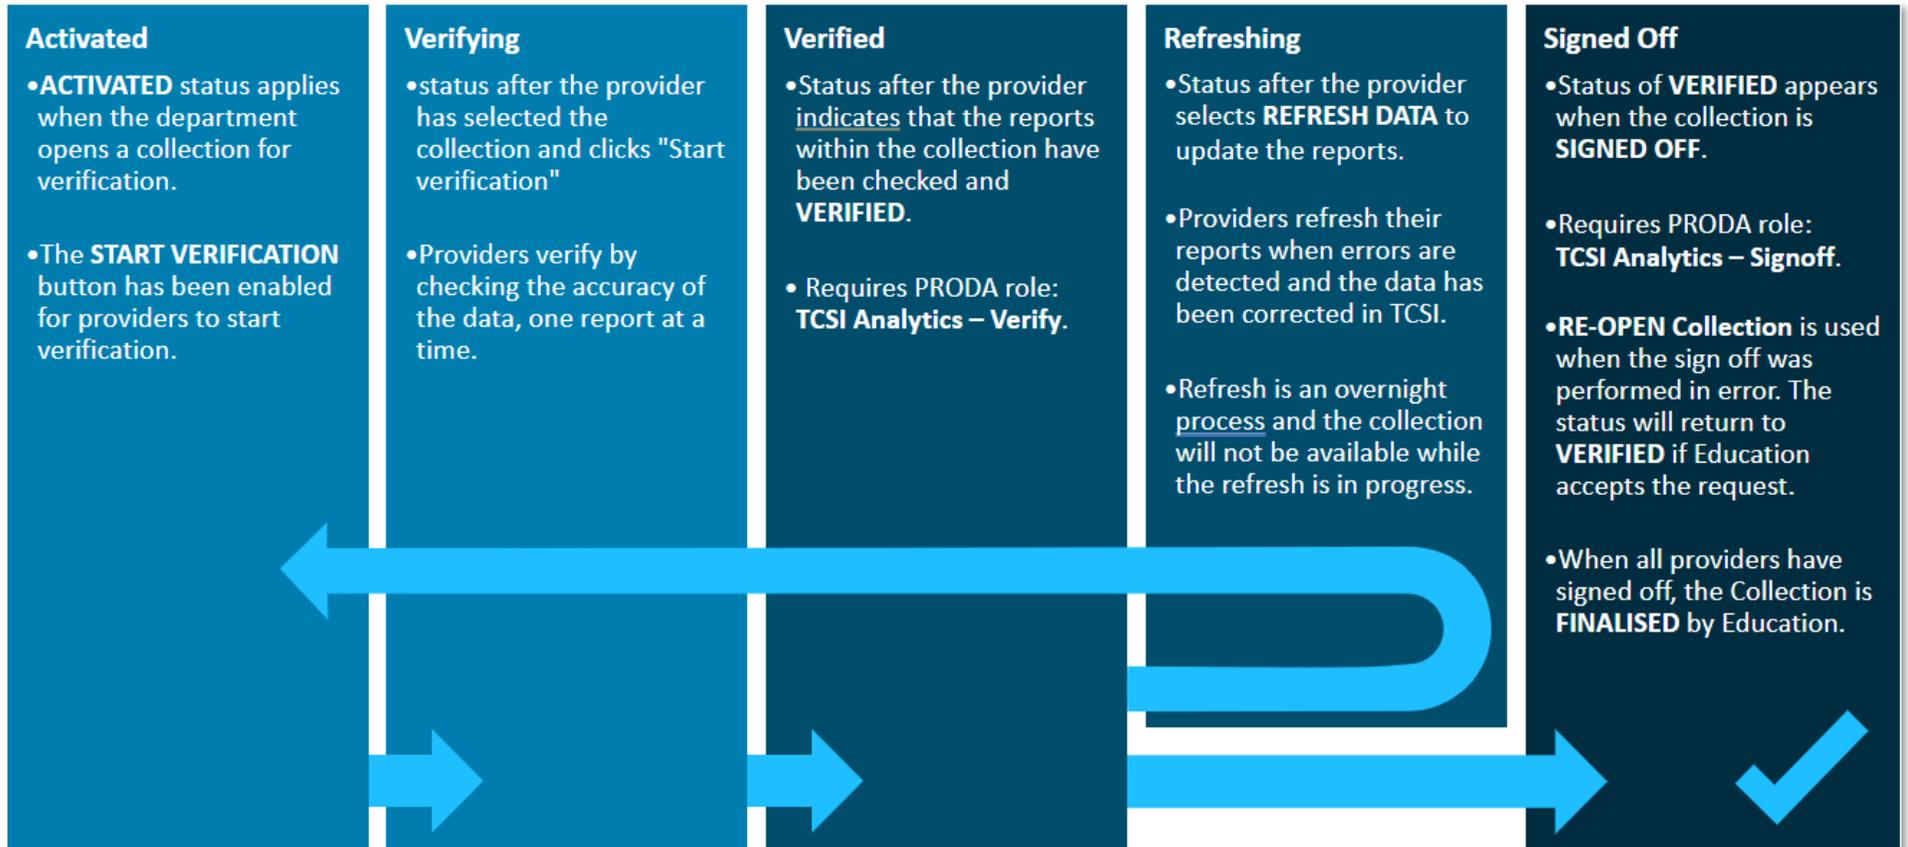

The verification process generates all reports for a Collection, regardless of the provider type. For example, non-University higher education providers may see reports that do not contain data because they do not report that data type to TCSI. These empty reports must still be verified to confirm that no data was expected and to allow the provider to progress to sign off.

As providers progress through the verification process, the status of their reports will move from ‘**not verified**’ to ‘**verified**’, as listed in Table 1.

**Table 1 – Report status**

Report Status	Purpose
<b>Not Verified</b>	This status is displayed when the provider is yet to commence verification. The included reports will be refreshed by the system every night.
<b>Verifying</b>	This status is displayed when the provider has started to verify the reports in a collection. The reports will not update unless the Collection is refreshed.
<b>Verified</b>	This status is displayed when the Verify button has been selected for a report. When all reports in a collection have been verified the provider can sign off the collection.

## 5. Access to TCSI Analytics

To access TCSI Analytics, click on the 'TCSI Access' button in the banner of the [TCSI Support website](#) (Figure 2).

It is recommended to use one of the following web browsers when accessing TCSI services - Google Chrome, Microsoft Edge Chromium or Firefox.

**Figure 2 – TCSI Support Website home page**

Providers will need to ensure that their staff and organisation are set up in PRODA to access TCSI Analytics. A step-by-step guide for setting up staff access is available at the [Access \(PRODA\)](#) page on the TCSI Support website.

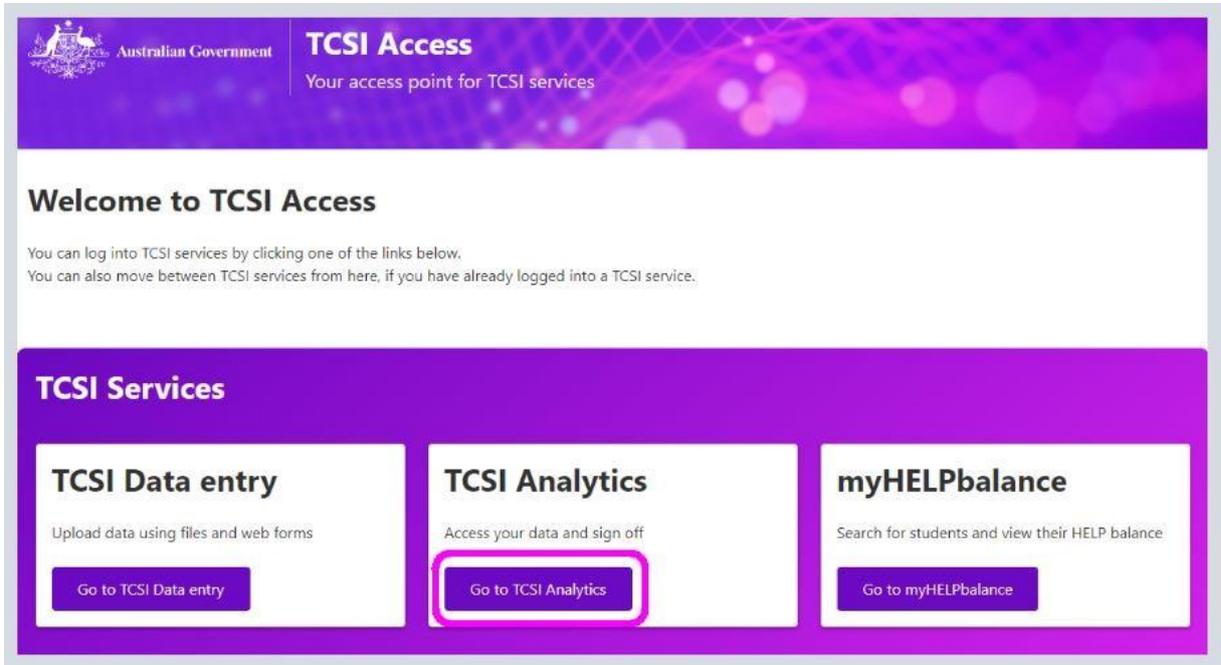

A staff member can access the 'Verification' screens in TCSI Analytics if they have at least one of the TCSI attributes for verification for the organisation:

- TCSI Analytics – Verify (Provides the ability to verify a dataset)
- TCSI Analytics – Signoff (Provides the ability to sign-off a verified dataset)

## 6. Accessing the verification reports

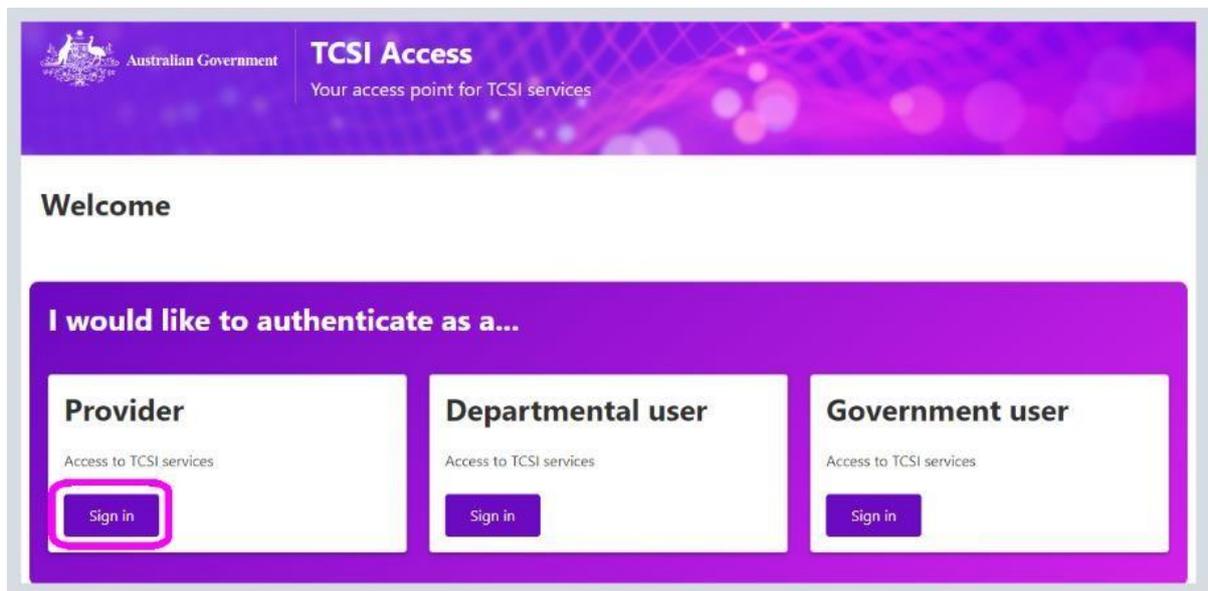

Click on the 'Go to TCSI Analytics' button (Figure 3).

## 6.1 Welcome screen

When logged in successfully, the TCSI Analytics welcome screen will appear (Figure 8).

Figure 8 – TCSI Analytics welcome screen

The screenshot shows the TCSI Analytics welcome screen. At the top, there is a navigation bar with the Australian Government logo, the TCSI Analytics title, and user information. Below the navigation bar, there are several tabs: Home, Dashboards, Live Reports, Verified Reports, Annual Verification, Bulk Data Retrieval, and Support Resources. A search bar is located on the right side of the navigation bar. The main content area is titled "Welcome User" and contains several sections:

- Critical student loan errors - as at DD Month YYYY:** This section displays five summary cards: Total students affected (XX,XXX), Total Loan count (XX,XXX), Total Loan value (\$ XX,XXX), Largest student loan (\$XX,XXX), and Oldest student loan (DD/MM/YYYY). A link is provided to see the critical student loan dashboard to support remediation action.
- Student enrolment trends - as at January 2026 (EFTSL):** This section contains a table with the following data:

Course level	2026 - YTD	Annual YTD change
Postgraduate research	XXXX.XX	XXXX.XX%
Postgraduate coursework	XXXX.XX	XXXX.XX%
Bachelor	XXXX.XX	XXXX.XX%
Sub-Bachelor	XXXX.XX	XXXX.XX%
Enabling	XXXX.XX	XXXX.XX%
Microcredentials	XXXX.XX	N/A
Non-award	XXXX.XX	N/A
<b>Total</b>	<b>XXXX.XX</b>	<b>XXXX.XX%</b>

The table represents Year to Date (YTD) live data for commencing students only, compared to the same period last year. A link is provided to see the student enrolment expected trend dashboard to review variance.

- Mandatory reporting:** This section provides links for data requirements (Reporting a Collection) and legislative requirements (HESA, YSLA, TEOGA).
- Support:** This section provides links for TCSI Analytics Resources, TCSI Analytics Dashboard User guides, Generic TCSI User Guides & Factsheets, and a contact email (TCSISupport@education.gov.au).

At the bottom of the page, there is a footer with links for Copyright, Disclaimer, Privacy, and Contact us.

The tabs on the TCSI Analytics portal allow access to various pages to view and retrieve data as depicted in Table 2.

Table 2 – TCSI Analytics portal tabs

Tab	Description
<b>Home</b>	Welcome page shows a summary of information about Critical student loan errors and Student enrolment trends. It also provides quick access to reporting requirements and support resources.
<b>Dashboards</b>	The Dashboards tab hosts the Critical Student loan error dashboard and the Expected student enrolment trend dashboard.
<b>Live Reports</b>	The Live reports tab hosts all the live reports, which are displayed under various categories.
<b>Verified Reports</b>	The Verified reports tab hosts all the verified reports, which are displayed under various categories.
<b>Annual Verification</b>	The Annual Verification tab enables users to verify and sign-off data during the annual verification period.

<b>Bulk Data Retrieval</b>	The Bulk Data Retrieval tab allows users to place bulk data requests and download the retrieved bulk data.
<b>Support Resources</b>	The Support Resources tab provides links to key information that supports data reporting and compliance in TCSI. It also offers access to guides, notices and tools to help streamlined processes.

Click on the 'Annual verification' tab to access the verification webpage (Figure 9).

**Figure 9 – Annual verification menu item**

The screenshot shows the TCSI Analytics dashboard. The navigation bar at the top includes 'Home', 'Dashboards', 'Live Reports', 'Verified Reports', 'Annual Verification' (highlighted with a pink box), 'Bulk Data Retrieval', and 'Support Resources'. The 'Annual Verification' tab is selected. The dashboard content includes:

- Critical student loan errors - as at DD Month YYYY**: A summary card with five metrics: Total students affected (xx,xxx), Total Loan count (xx,xxx), Total Loan value (\$ xx,xxx), Largest student loan (\$ xx,xxx), and Oldest student loan (DD/MM/YYYY). A link below reads: [See critical student loan dashboard to support remediation action](#).
- Student enrolment trends - as at January 2026 (EFTSL)**: A table showing enrolment trends by course level.
- Mandatory reporting**: A section with links for 'Data requirements: [Reporting a Collection](#)' and 'Legislative requirements: [HESA](#), [VSLA](#), [TEOGA](#)'.
- Support**: A section with links for 'TCSI Analytics: [Resources](#)', 'TCSI Analytics: [Dashboard User guides](#)', 'Generic TCSI User Guides & Factsheets', and 'Questions: [TCSISupport@education.gov.au](mailto:TCSISupport@education.gov.au)'.

The footer of the dashboard contains links for 'Copyright', 'Disclaimer', 'Privacy', and 'Contact us'.

## 6.2 Annual Verification screen

The Annual verification page will display all Collections available for verification (Figure 10). The components on the Annual Verification screen are as described in Table 2.

If you expect an annual verification collection to be opened, but do not see it in the list, please contact [TCSIsupport@education.gov.au](mailto:TCSIsupport@education.gov.au).

<b>Collection</b>	This column displays the list of collections available for the Provider to verify data.
<b>Year</b>	This column displays the year of the collection.
<b>Sign-off due date</b>	This column displays the date the collection is due to be verified and signed-off.
<b>Data last refreshed</b>	This column displays the date the data is last refreshed for the collection.
<b>Progress</b>	This column indicates the progress of the verification of data. It displays: <ul style="list-style-type: none"> <li>- 'Not started' where the verification not started yet <b>or</b></li> <li>- The no. of reports verified so far for the collection (eg., 1 of 15) <b>or</b></li> </ul>

	- 'Completed DD/MM/YYYY' where the collection has been signed off as at <DD/MM/YYYY>.
<b>Status</b>	This column displays the status of the collection: <ul style="list-style-type: none"> <li>- <b>Activated</b> where the collection has been Activated, <b>or</b></li> <li>- <b>Verified</b> where all the reports of the collection are verified , <b>or</b></li> <li>- <b>Signed-off</b> where the collection has been signed-off, <b>or</b></li> <li>- <b>Refreshing</b> where the reports are being refreshed, <b>or</b></li> <li>- <b>Pending decision</b> where a request to re-open the collection is pending departmental decision.</li> </ul>
<b>Action</b>	This column displays the course of user action: <ul style="list-style-type: none"> <li><b>View collection</b> to initiate data verification for the specific collection, <b>or</b></li> <li><b>Continue verification</b> to view and continue the verification of the data for the specific collection, <b>or</b></li> <li><b>No action</b> where the data of the collection is being refreshed, <b>or</b></li> <li><b>Review and sign-off</b> to view and complete sign-off for the verified collection.</li> </ul>

### 6.3 Collection view

When the user clicks on 'View collection' (Figure 11), a new Collection screen appears displaying a list of reports related to that collection (Figure 12).

Status	Displays the latest status for the collection selected.
Reports verified	Displays the number of reports verified by the total number of reports for that collection.
Days left	Displays the number of days left before the sign-off due date.

Data refresh date	Displays the most recent refresh date.
Sign-off due date	Displays the deadline to sign off on the collection.
Start Verification button	Allows users to start verifying the collection.
<b>2. Report table</b>	
The list of reports to be verified for a Collection are included under the report table.	
Report	Column displays the verification report name under the collection as a hyperlink. Clicking on the link opens the report in a new tab for the user to view the report.
Verified on	Column displays the date when the report was verified.
Verified by	Column displays the username the report is verified by.
Action	Column displays the allowable user action for the report.

The reports can be sorted into ascending or descending order by clicking on the arrow beside each table column headings of Report, Status, Verified on and Verified by (Figure 14).

Figure 14 – Sorting reports into ascending or descending order

The screenshot shows the TCSI Analytics interface for 'Annual Verification: HEP Students 2025'. At the top, there is a navigation menu with options like Home, Dashboards, Live Reports, Verified Reports, Annual Verification, Bulk Data Retrieval, and Support Resources. The main content area features a summary box indicating that 0 out of 12 reports are verified, with a sign-off due date of 28/02/2026. Below this is a table of reports with the following columns: Report, Status, Verified on, Verified by, and Action. A red box highlights the first four columns. The table lists various reports such as 'CGS Clusters by Course Level Verification Report', 'Course Completions (All Students) Verification Report', and 'EFTSL Verification Report', all of which are currently 'Not verified'.

Report	Status	Verified on	Verified by	Action
<a href="#">CGS Clusters by Course Level Verification Report</a>	Not verified	DD/MM/YYYY		Requires start verification

The Student Collection has a range of reports based on the data providers have sent to TCSI. Other Collections may only have one report, such as SA-HELP and OS-HELP.

To verify a report, click on the report **name** and wait for the report to load. The summary report and drill-through gives providers an opportunity to cross check their records in TCSI against their own source of truth.

Details are provided at the top of each report to confirm the verification status, when the data was last refreshed and a Fullscreen option (Figure 15). The Report components and their purpose are described in Table 4.

Figure 15 – Verification reports

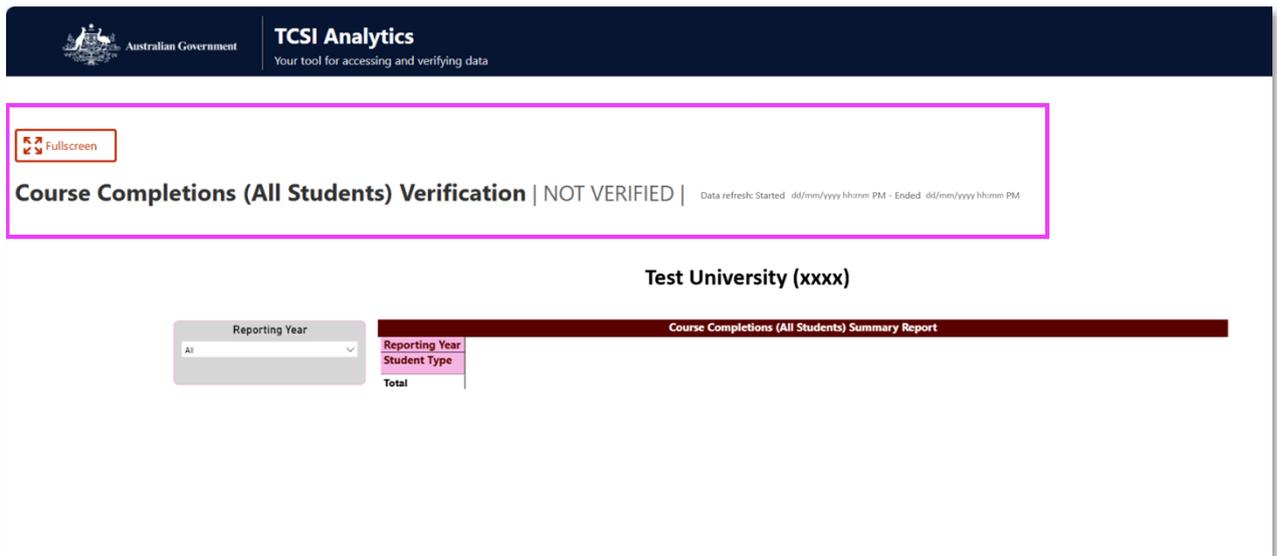

Table 5 Report components

Components	Purpose
<b>Report name</b>	Displays the name of the selected report.
<b>Status</b>	Two statuses are provided to match the current state, either 'Not verified' or 'Verified'.
<b>Last data refresh date</b>	Two dates and time are provided; the refresh started and completed date and time.
<b>Verify button</b>	Clicking this button will update the report status to VERIFIED. This button will become available on the reports once the verification process has started on the collection.
<b>View full screen button</b>	Displays the report in full screen view, ESC key will return to the report view screen.

# 7. Verification process

## 7.1 Activated

When a collection has been activated by the department, the relevant reports of unverified data are generated, and these reports will continue to be refreshed nightly until the provider starts the verification process (Figure 16).

Figure 16 – Activated collection

The screenshot shows the TCSI Analytics interface. The header includes the Australian Government logo, 'TCSI Analytics' branding, and user information: 'UAT Account1', 'Logged in as Provider Code: xxxx', and a search bar for report names. The main content area is titled 'Data verification' with the subtitle 'Complete annual verification for higher education student and staff data.' Below this is a table of 'Collections' with columns for Collection, Year, Sign-off due date, Data last refreshed, Progress, Status, and Action. The 'Status' column for all four collections is 'Activated' and is highlighted with a pink box. The footer contains links for Copyright, Disclaimer, Privacy, and Contact us.

Collection ^	Year ↕	Sign-off due date ↕	Data last refreshed ↕	Progress ↕	Status ↕	Action
HEP Commonwealth Scholarships	2023	28/02/2026	20/02/2026 01:40 AEST	Not started	Activated	<a href="#">View collection</a>
HEP OS-HELP	2023	28/02/2026	20/02/2026 01:40 AEST	Not started	Activated	<a href="#">View collection</a>
HEP SA-HELP	2023	28/02/2026	20/02/2026 01:40 AEST	Not started	Activated	<a href="#">View collection</a>
HEP Students	2023	28/02/2026	20/02/2026 01:40 AEST	Not started	Activated	<a href="#">View collection</a>

To commence verification, the user must click the ‘**Start verification**’ button (Figure 17). This stops the nightly refresh process so that the snapshot of unverified data remains unchanged from the day the provider starts verification.

**Figure 17 – Start Verification button to start the verification process**

The screenshot shows the TCSI Analytics interface for 'Annual Verification: HEP Students 2025'. At the top, there is a navigation bar with 'Home', 'Dashboards', 'Live Reports', 'Verified Reports', 'Annual Verification', 'Bulk Data Retrieval', and 'Support Resources'. A search bar is also present. The main content area features a summary card with the following information:

- Activated** (toggle)
- 0 / 12 reports verified**
- You have 8 days to verify 12 reports and sign off the collection
- Collection last refreshed dd/mm/yyyy hh:mm AEST
- Sign off due date dd/mm/yyyy
- Start verification (verify reports)** (button, highlighted in pink)

Below the summary card is a table with the following columns: Report, Status, Verified on, Verified by, and Action.

Report ^	Status	Verified on	Verified by	Action
<a href="#">CGS Clusters by Course Level Verification Report</a>	Not verified	DD/MM/YYYY		Requires start verification
<a href="#">Course Completions (All Students) Verification Report</a>	Not verified	DD/MM/YYYY		Requires start verification

<a href="#">Unit of Study Completions Verification Report</a>	Not verified	DD/MM/YYYY		Requires start verification

At the bottom of the page, there is a footer with links for Copyright, Disclaimer, Privacy, and Contact us.

The status for the Collection moves from 'Activated' to 'Verifying' (Figure 18 and Figure 19). There is no requirement to click the 'refresh data' button when starting verification, because the reports would have updated the previous night.

Figure 18 – Verification started - Collection status change to 'Verifying' on collection screen

The screenshot shows the TCSI Analytics interface for 'Annual Verification: HEP Students 2025'. The status is 'Verifying'. A summary box indicates '0 / 12 reports verified' and provides a 'Refresh data' button. Below this is a table of reports, all of which are 'Not verified' and have a 'Verify report' action link.

The screenshot shows the TCSI Analytics interface for Annual Verification. The page title is 'Annual Verification' with a subtitle 'Verify data'. A navigation menu includes Home, Dashboards, Live Reports, Verified Reports, Annual Verification (selected), Bulk Data Retrieval, and Support Resources. The top right shows user information: 'Logged in as Provider Code: xxxxx'. A search bar is present for report names or numbers.

The main content area displays a table of 'Collections' with the following data:

Collection ^	Year	Sign-off due date	Data last refreshed	Progress	Status	Action
HEP Commonwealth Scholarships	2023	DD/MM/YYYY	DD/MM/YYYY HH:MM AEST	Not started	Activated	<a href="#">View collection</a>

HEP Students	2023	DD/MM/YYYY	DD/MM/YYYY HH:MM AEST	0 out of 12	Verifying	<a href="#">Continue verification</a>

The 'Verifying' status in the 'HEP Students' row is highlighted with a red box. The footer contains links for Copyright, Disclaimer, Privacy, and Contact us.

Once a collection's status moves to verifying, you can access the reports by clicking on the 'Continue verification' hyperlink, under the action column.

Individual reports under the collection are available to be verified (Figure 20).

The screenshot displays the TCSI Analytics interface for 'Annual Verification: HEP Students 2025'. At the top, there is a navigation bar with the Australian Government logo and 'TCSI Analytics' branding. The main content area features a search bar with the text 'Verifying' and a 'Back to data verification' link. Below the search bar, a summary indicates '0 / 12 reports verified' and provides information about the 8-day verification period and the sign-off due date. A table lists 12 reports, each with a 'Not verified' status and a 'Verify report' action button. The 'Verify report' buttons are highlighted with a pink border. The footer contains links for Copyright, Disclaimer, Privacy, and Contact us.

Clicking on 'Verify report' or the report name opens the report in a new tab (Figure 22).

Figure 22 – Verification started – Access reports to verify

The screenshot displays the TCSI Analytics interface. At the top, there is a dark blue header with the Australian Government logo on the left and the text 'TCSI Analytics Your tool for accessing and verifying data' on the right. Below the header, there are two buttons: 'Verify' and 'Fullscreen'. The main content area shows a report titled 'CGS Clusters by Course Level Verification | NOT VERIFIED | Data refresh: Started dd/mm/yyyy hh:mm PM - Ended dd/mm/yyyy hh:mm PM'. Underneath the title is the text 'Test University (xxxx)'. On the left side, there are three filter sections: 'Reporting Year' with a dropdown menu set to 'All', 'Unit Of Study Census Date' with two input fields, and 'Loan Status' with a dropdown menu set to 'All'. On the right side, there is a table titled 'CGS Clusters by Course Level'. The table has a header row with 'Course Level' and 'Year Funding Cluster'. Below the header, the word 'Total' is visible, but the rest of the table content is empty.

## 7.2 Verified

Check the contents of each report to confirm that stored data is accurate. Then click on the **'Verify'** button for each report (Figure 23). The report status will remain as **'Not Verified'** until you click on the **'Verify'** button.

Figure 23 – Verification report – NOT VERIFIED status

The screenshot shows the TCSI Analytics interface for 'Unit of Study Completions Verification'. The header includes the Australian Government logo and 'TCSI Analytics Your tool for accessing and verifying data'. The main title is 'Unit of Study Completions Verification' with a 'NOT VERIFIED' status badge. Below the title are 'Verify' and 'Fullscreen' buttons. The main content area is titled 'Test University (xxxx)' and contains a 'Reporting Year' dropdown menu set to 'All'. To the right is a table with the following structure:

Unit Of Study Status	2023			2024		
	EFTSL	EFTSL %	EFTSL % Change	EFTSL	EFTSL %	EFTSL % Change
Withdraw without penalty						
Failed						
Successfully completed all the requirements						
Completion status not yet determined

When you select the **'Verify'** button, a pop-up appears asking you to confirm the report's accuracy (Figure 24).

Figure 24 – Verifying report – Confirmation of accuracy

The screenshot shows a 'Confirm' dialog box with a close button (X) in the top right corner. The text inside the dialog reads: 'I have reviewed this report on behalf of my organisation and verify that it is accurate for the collection year. I understand the report can be refreshed if data are inaccurate.' At the bottom of the dialog are two buttons: 'Confirm' and 'Cancel'.

When you select the **'Confirm'** button in the pop-up, the report status changes to **'VERIFIED'** (Figure 25).

Figure 25 – Verification report – VERIFIED status

The screenshot shows the TCSI Analytics interface for 'Unit of Study Completions Verification'. The status is 'VERIFIED'. A 'Verify' button is highlighted. Below, a table for 'Test University (xxxx)' shows data for Reporting Years 2023 and 2024. The table has columns for 'Unit Of Study Status', 'EFTSL', 'EFTSL %', and 'EFTSL % Change'.

## 7.3 Refresh

Refreshing is optional. It is only needed when a provider has started verification and then updates their live data. Refreshing allows the verification report to include the updated data after the overnight processing cycle.

If you find an inaccuracy in a report and have updated your live data, select the **'Refresh data'** button for the Collection (Figure 27).

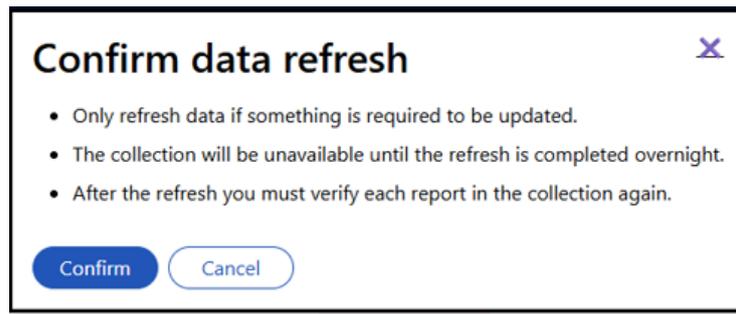

Figure 27 - Refresh data to include updates in a new snapshot

The screenshot shows the TCSI Analytics interface for 'Annual Verification: HEP Students 2025'. The page includes a navigation menu with options like Home, Dashboards, Live Reports, Verified Reports, Annual Verification, Bulk Data Retrieval, and Support Resources. A search bar is located in the top right corner. The main content area displays a summary of verification progress: '1 / 12 reports verified'. Below this, there is a 'Refresh data' button highlighted with a pink box. The page also features a table of verification reports with columns for Report, Status, Verified on, Verified by, and Action.

When you select the 'Confirm' button:

- The collection status changes to 'Refreshing' (Figure 29 and Figure 30).
- A notification appears on the collection screen indicating a data refresh has been requested. You will not be able to verify any reports in the collection until the overnight refresh process is complete.
- The status of all the reports reverts to 'Not verified'.
- Viewing reports is the only available action.

After the refresh is complete, the Collection status will revert to **'Activated'**, and the **'Start verification'** button will be enabled so you can begin the process again (Figure 31 and Figure 32). This latest snapshot remains static, even if further updates are made to live data during verification.

At the top, there is a navigation bar with links for Home, Dashboards, Live Reports, Verified Reports, Annual Verification, Bulk Data Retrieval, and Support Resources. A search bar is located on the right. The main content area features a dark summary card with the following information:

- Activated
- 0 / 12 reports verified
- You have 6 days to verify 12 reports and sign off the collection
- Collection last refreshed dd/mm/yyyy hh:mm AEST
- View all the data 20/03/2026
- A red-bordered button labeled 'Start verification (verify reports)' is visible at the bottom of the card.

Below the summary card is a table with the following columns: Report, Status, Verified on, Verified by, and Action. The table lists 12 reports, all of which are in a 'Not verified' status. A red box highlights the 'Status' column for all rows.

## 7.4 Sign off

The final stage of the verification process is to sign off the Collection. The **'Sign off'** button will be available once all the reports are verified. Please note that the **'Sign off'** button will not be available if one or more of your reports has a status of **'Not Verified'** (Figure 33).

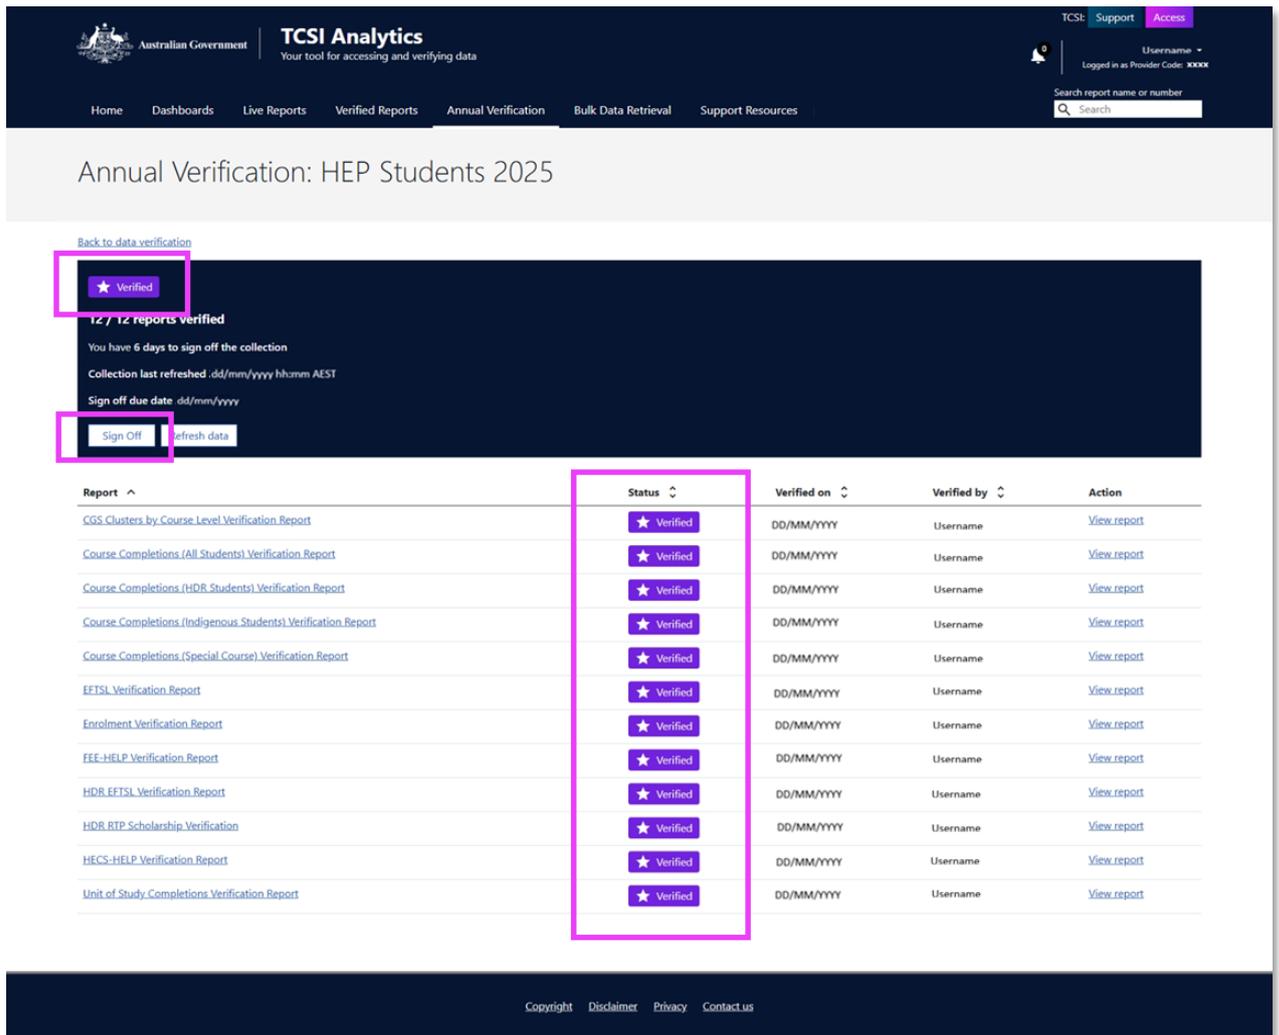

Figure 33 – Report status ‘Not Verified’ – no ‘Sign off’ button available

A summary box indicates that 8 out of 12 reports are verified, with 6 days remaining to verify the remaining 4 reports. Below this is a table of reports with columns for Report, Status, Verified on, Verified by, and Action. The 'Status' column is highlighted with a pink box, showing a mix of 'Verified' (with a star icon) and 'Not verified' (with a clock icon) statuses. The 'Not verified' reports have a 'Verify report' link in the 'Action' column.

## 7.5 Re-open collection

Re-opening a collection (previously called 'Reset') allows a provider to resume verification if updates to verification data are required after the collection has already been '**Signed off**'.

The department will approve or reject the Re-open request in TCSI Analytics. Providers must email [TCSIsupport@education.gov.au](mailto:TCSIsupport@education.gov.au) with information supporting the request to re-open.

If the request is approved, the provider can then refresh the verification reports, complete the verification process again, and re-sign off the collection.

Click on '**Re-open collection**' button to submit your request (Figure 37).

Figure 37 – Re-open collection button

The screenshot shows the TCSI Analytics web application interface. At the top, there is a navigation bar with the Australian Government logo, 'TCSI Analytics' title, and 'Your tool for accessing and verifying data' subtitle. The navigation menu includes Home, Dashboards, Live Reports, Verified Reports, Annual Verification, Bulk Data Retrieval, and Support Resources. A search bar is located on the right side of the navigation bar. The main content area displays 'Annual Verification: HEP Students 2025'. Below this, there is a 'Signed off' status indicator and a 'Re-open collection' button highlighted with a red rectangular box. Below the button, there is a table of verification reports.

When the '**Re-open collection**' button is clicked, a pop-up will appear with information about the reopening process (Figure 38).

Figure 38 – Re-open collection request pop-up

Clicking the '**Submit**' button sends your re-open collection request to the department. Once a Re-open collection request has been submitted:

- The collection status changes to '**Pending decision**' (Figure 39 and Figure 40)
- Reports within the collection remain available for viewing, but no other actions are enabled.

Note, that providers must also submit a '**Re-open Collections request form**', from the [Re-open Collections](#) page on the TCSI Support website to provide your reasoning. Your request will not be considered by the department unless a completed 'Re-open Collection Request form' has been submitted.

If the request is approved, the collection status will reset to Verified. You will need to click on the 'Refresh data' button to ensure the verification report reflects any updates to the live data during the overnight process (Figure 41 and Figure 42).

**Figure 41** – Re-open collection request approved and Collection status reverted to Verified

The screenshot shows the TCSI Analytics interface for Annual Verification. The page title is 'Annual Verification' with a sub-header 'Verify data'. A navigation menu includes Home, Dashboards, Live Reports, Verified Reports, Annual Verification (selected), Bulk Data Retrieval, and Support Resources. The user is logged in as 'Provider Code: XXXX'. A search bar is present for report names or numbers.

The main content area displays a table of Collections with the following data:

Collection ^	Year ↕	Sign-off due date ↕	Data last refreshed ↕	Progress ↕	Status ↕	Action
HEP Commonwealth Scholarships	2023	DD/MM/YYYY	DD/MM/YYYY HH:MM AEST	Not started	Activated	<a href="#">View collection</a>

The screenshot shows the TCSI Analytics interface for 'Annual Verification: HEP Students 2025'. At the top, there is a navigation bar with 'Home', 'Dashboards', 'Live Reports', 'Verified Reports', 'Annual Verification', 'Bulk Data Retrieval', and 'Support Resources'. A search bar is also present. Below the navigation, a dark blue banner displays '12 / 12 reports verified' and 'You have 6 days to sign off the collection'. A 'Sign Off' button and a 'Refresh data' button are highlighted with a pink box. Below this, a table lists various reports, with the 'Status' column highlighted by a pink box, showing all reports as 'Verified'.

The screenshot displays the TCSI Analytics web application interface. At the top, the header includes the Australian Government logo, the TCSI Analytics title, and navigation links for Home, Dashboards, Live Reports, Verified Reports, Annual Verification, Bulk Data Retrieval, and Support Resources. A search bar is located in the top right corner.

The main content area is titled "Annual Verification: HEP Students 2025". Below this title, there is a "Signed off" button highlighted with a red box. Below the button, the text reads "Collection signed off by UAT Account1" and "Sign off date dd/mm/yyyy". A "Re-open collection" button is also visible.

Below the "Signed off" section is a table of verification reports. The table has columns for Report, Status, Verified on, Verified by, and Action. All reports in the table have a "Verified" status.

## 8. Report slicer and Data Drill-through

### 8.1 Report slicers

Slicers are available in several reports to help narrow down the data displayed. One or more categories can be selected for each report. Most slicers support multiple selections. Click on the 'down arrow' to view the available options within the slicer pane (Figure 45).

Figure 45 – Report slicers

### 8.2 Data Drill-through

A drill-through report is available to display the underlying data that contributes to a value in the report. To open the drill-through report:

1. Right-click the relevant count and Select 'Drill through';
2. Select 'Detail' (Figure 46). The drill-through report is displayed (Figure 47).

## 9. Exporting reports

All reports and drill-throughs can be exported as xlsx files which you can either open or save as required.

To export data (Figure 48):

1. Open the table of data to be exported
2. Select the more options icon (...) to display the available options
3. Click on 'Export data' option

Please note:

- Excel .xlsx option has a download limit of 150,000 rows
- CSV has a download limit of 30,000 rows

## 10. Percentage change in data

Most reports compare data for the selected year with data reported in the previous year. Where there is a significant percentage change, the system automatically highlights the differences. These indicators help identify potential data quality issues or anomalies that may require further investigation before signing off (see Figure 50).

## Appendix

### Status and actions

The list of statuses and actions that occur during verification:

- **Activated:** The department has activated the collection, and the reports are ready for checking. Whilst the status is activated, the reports continue to refresh nightly. Once you select **Start verification**, you have commenced the verification process for that collection, and the reports will remain static.
- **Verifying:** Verification is currently in progress. The verification process has been activated, and the reports are ready to be assessed. If updates are required, you will need to select **Refresh data** button to ensure any changes sent to TCSI are included in the reports and latest snapshot.
- **Refresh data:** The reports are updated overnight with the latest data sent to TCSI. This action creates a new snapshot that includes data received prior to the refresh start date.
- **Verified:** All reports within the collection have been verified by the provider.
- **Signed off:** Data confirmed as accurate and is now final. This action has frozen all reports in the collection.
- **Re-open collection:** If a collection has been signed off when it should not have been, or additional data has been submitted that needs to be reflected in the reports, a **Re-open collection** request is required. Submitting this request locks the collection, and no changes can be made until the department either accepts or rejects the request.
- **Accept Re-open collection request:** When the department accepts a Re-open collection request the collection status is reverted to **Verified**, allowing the provider to restart the verification process. Once the reports are re-verified and **Signed-off**, the **Re-open collection** button becomes available for any future requests, if required.
- **Reject Re-open collection request:** If the request to **Re-open collection** is rejected by the department, the collection status changes to 'Signed off' and it remains locked. No further changes can be made to the reports, as the department is in the process of finalising the collection for all providers.
- **Finalised:** The department will finalise the Collection after the verification period for providers has concluded. At this point, the collection is closed and the data is confirmed as verified. When a collection is finalised, a sector snapshot is created and stored, representing an aggregation of the data signed off by each provider.
